Feature Rich at an Affordable Price

Aldelo For Restaurants Pro Edition is a low cost, feature rich and easy to use total restaurant management software for table service and quick service restaurants.

Designed to fit Your Needs

Aldelo For Restaurants contains the feature set to support any restaurant environments. Whether your restaurant is a coffee shop, a steak house, a bar & grille, a pizza restaurant, a cafeteria or any other food service establishment, our solution can help streamline your operations by custom tailoring to your requirements.

Used in Restaurants around the World

Aldelo For Restaurants is well received in over 20,000 installations around the world due to its flexibility, ease of use and completeness.

From New-Hire to Pro in Just a Few Minutes

Aldelo For Restaurants does not require its users to know how to use computers in order to use it. In less than a few minutes of tutorial, your staff will be able to start using Aldelo For Restaurants like a pro.

You will greatly reduce staff training expenses with our user friendly screen designs. Best of all, Aldelo For Restaurants is a complete package with POS, Hostess, CRM, Inventory, Labor Control, Payment Processing and much more, all included without additional charges.

Improves Your Image

Aldelo For Restaurants will dramatically streamline your operations, retain guest loyalty and increase repeat business.

ALDELO™
Path to Simplicity™
